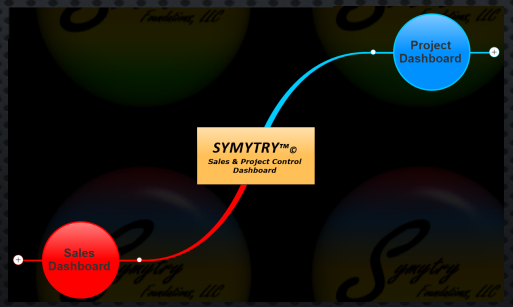
SECTION 3
PRICING & OPTIONS

HERE'S WHAT WE WANT TO DO FOR YOU

- We want you to embrace mind mapping to see how this powerful visual tool set can give you the mastery you want on any project or process
- We want you to take total & complete control of your project timeline, team alignment, communication & more
- We want to give you a great head start by providing the tools and techniques to generate successful projects using visual tool sets
- Experience the advantages of having the right tools in multiple categories
  - Tools you can use. Use ours, use yours, or mix them up
- Provide meaningful dashboards to you, beginning with the model pictured here for
  - Sales / Business Development
  - Project Management

One source of the truth on the project!



OUR NEW SUBSCRIPTION MODEL

- These dashboards cost $300 (or more) not to mention the time that goes into creating the content!
  - **We are now offering our maps on an annual Subscription…**
  - **to get you started the cost is *only…***
    - ***$29.88… For a year. That's $2.49 per month.***
    - ***You read that right! $2.49 per month is pocket change these days, What you'll get in return goes far beyond!! A cup of coffee costs more!***
  - Take a close look at our Account Manager & Project Management Boards. Explore, experiment, discover what they'll do for you.
  - Or… let us show you the capabilities beyond what you see.
    - Which is where your eyes will really give you that WOW moment especially in front Of your clients
    - You'll see the built-in functions, features & benefits yourself

PRICING…

- Symytry Foundations now has several pricing options:
- There are three alternatives:
  - *Option 1 - $2.49 per month*
    - charged for 1 year subscription. A $29.88 one time charge.
    - Up to 5 maps per month.
    - Free orientation & navigation training class.
  - *Option 2 - for $9.99 per Map*
    - Purchase maps on an as need basis
  - *Option 3 - for standard hourly consulting rates*
    - Purchase based on total number of hours per month.
    - Has a training option with free orientation & Navigation course.
      - Then you can decide how much training you'd like from beginner classes to advanced.

We have a lot of boards for many different purposes

- DevOps
- Digital Transformation Planning
- Functional role maps
- Idea & Innovation Workbench
- Industrial Internet of Things Planning
- Major ERP projects (primarily for SAP projects)
- Project Forensics
- Supply Chain Optimization
- More

SECTION 4
PLATFORM

WHAT ABOUT THE "PLATFORM?"

- Symytry is designed & assembled on:
  - MindManager 2019 from Corel is available through us at www.symytry-foundations.com
  - You can download a 30 day free trial at www.Mindjet.com which is highly recommended
- There are variations of MindManager
  - Personal use version at $349.00
  - Enterprise version for use with SharePoint (call for pricing)
  - Apple versions are available but Symytry only uses the Windows version
- Windows laptop with I5 or I7 processors and running Windows 10
- 16GB main memory. Solid state memory will be helpful.

Note: There is no way we can show the myriad features, functions & benefits in this presentation. This is only surface level exposure, but we're very confident you'll like what you see. We can setup a time for capabilities.

Ready??

Let's Do It!!
